

In response to the many inquiries, here is an excerpt from the "Reminders" for this *Yomtov*:

Kneidlach for Acharon Shel Pesach when Acharon Shel Pesach occurs on Shabbos:

There are several *Minhogim* regarding this (whether to prepare them on *Shvi'i Shel Pesach* or not). Each person should follow their family *Minhog*.

If you don't have a specific *Minhog*, the author's opinion is that *Kneidlach* may be made on *Shvi'i Shel Pesach* with the following three conditions:

1. They are prepared on **Friday afternoon** and not tasted before *Shabbos*.
2. The utensils used for the preparations will be put away and not be used for **anything else** this *Pesach*.
3. This applies **only to someone who made an Eiruv Tavshilin!**
